

Score to beat goes up exponentially

Bumper points stay the same after being hit

- Min bumper # is 1, we'll figure out max later

Quarter Item Lists

- Player item list is infinite
- Example triggers: peter dies, Peter hits X amount of bumpers, after X seconds
- Example effects: spawn another peter that they can't control, give points, multiply bumper score
 - Try to keep summons to things bound by physics
- Rarities: Common (70%), Rare (20%), Ultra Rare (10%)

Format: - Trigger - Effect - Name - Rarity	- Every 3 seconds - spawn an uncontrollable Peter - Mitosis Quarter - Uncommon - implemented	- Peter hits bumper - Gives points with how many bumpers are hit this round - Gum Gum Quarter - Common - Implemented	- Every 1 second - Double a bumper and halve a bumper - Over-Under Quarter - Common - -Implemented	- Peter dies - Gains points, and 10x that num of points if past certain round - Martyr Coin - Common - implemented
- Peter Dies - Multiply points scored by 1.5x - Pity Quarter - Rare - Implemented		- First bumper hit - Get points 5x the lowest bumper score - Tiny-Big Quarter - Common - implemented	- First bumper hit - Double a random bumper for each round passed - Double Trouble Coin - Implemented - rare
